### Contraction of Unit Agreement Oil and Gas Leases Extended

Contraction of the <a href="Name">(Name)</a> Unit, <a href="(Serial number">(Serial number)</a>, was approved effective <a href="(Date)">(Date)</a>. The regulations at 43 CFR 3107.4 provide that, unless relinquished, any lease eliminated from any approved or prescribed cooperative or unit plan, shall continue in effect for the original term of the lease, or for 2 years after its elimination from the plan, whichever is longer, and for so long thereafter as oil or gas is produced in paying quantities.

Consequently, the terms of the following oil and gas leases have been extended through <u>(Date that is 2 years from effective date of unit contraction)</u>, and so long thereafter as oil or gas is produced in paying quantities, unless further extended by another provision of the regulations.

#### Contraction of Unit Agreement Oil and Gas Leases Extended

Automatic contraction of the (Name) Unit, (Serial number), was approved effective (Date). The regulations at 43 CFR 3107.4 provide that any lease eliminated from an approved or prescribed cooperation or unit plan, unless relinquished, shall continue in effect for the original term of the lease, or for 2 years after its elimination from the plan, whichever is the longer, and for so long thereafter as oil or gas is produced in paying quantities.

The following leases have been eliminated entirely from the unit, and are extended through (Date that is 2 years from effective date of unit contraction):

Lease Serial Number:

Extended through:

(List of leases that are granted lease extensions.)

In addition, lease <u>(Serial number)</u> is considered as being held by production. The term of lease <u>(Serial number)</u> is not affected by the unit contraction because its primary term extends beyond <u>(Date that is more than 2 years period beyond the effective date of unit contraction)</u>. Lease <u>(Serial number)</u>, which was not committed to the <u>(Name)</u> unit, <u>(Serial number)</u>, is not extended by contraction of the unit.
